

### New Staff

This year we welcome two new teaching staff. Miss Laura Monaghan who will be teaching the Year5/6 in Room 18 and Ms Leanne King who will be providing a support role for students with targeted learning programs to improve identified student learning.

### Mathletics

We have continued our subscription to Mathletics for 2024. Students know their username and password and can log in on a device at home to complete their 1000-point certificate for each week. They can do this at school also and many do. Each certificate they earn gets them a ticket in the end of year SouthWest Cycles bike draw. They can also use their certificate to access electronic games in the library at lunch time if they are interested.

### SPA – Supervised Play Area

Part of the school's Positive Behaviour Program incorporates the "SPA". This is the Supervised Play Area. This is an area that students can find themselves if they repeatedly display behaviours that don't meet expectations. Supervised by Mr Shepherd or Mr Tyndall students participate in games and activities that encourage positive play and teach how to play cooperatively and respectfully and safely. Also required

is a discussion about the behaviour they have displayed and what they can do to change it.

### P&C News

The P&C committee are up and active with a new canteen website/App for ordering lunches. See the included information to make your orders. They will also be busy on Sunday morning managing the parking at Signal Park for the Jetty swim. If you can help let the P&C committee know. It is an early start, but it doesn't take long for the car park to fill and the job is done.

### Website Complete

Our new web site is up and complete and ready for access. We have a few updates that need to occur, but it looks great and is easy to navigate. It has lots of information for parents and community to refer to and will have all the latest happenings within the school.

### School Size

The school is experiencing a gradual resizing with a consistent drop in numbers in recent years. This year we are two classes less with Room 3 and 4 both empty and repurposed. All our classes are very full, any further enrolments will place a lot of pressure on the school structure with the prospect of change possible. This hasn't been the trend so hopefully we have it right to begin the year.

## Busselton Primary School P & C Kwilena Canteen News

We are pleased to announce that Kwilena Canteen will be using a new online ordering app called "Spriggy". It is up and running now so please go and have a look, register and let us know what you think. We believe it is more user friendly and we will be able to use it for fundraising events in the future also.

Please download "Spriggy Schools" App, create your account, follow the instructions listed or scan the QR code.

- Online Orders—**Spriggy**, up until 9am on the day of ordering
- Ordering in person— at canteen window between 8:30—9am. **CASH ONLY**

If you still have credit on Quickcliq you can organise a refund. You will need to action the following:

- Log into your QuickCliq account and navigate to your profile page.
- Scroll to the bottom of the page and locate the Account Closure/Refund Request box
- Select Account Closure/Refund Request box
- Funds should return within 1-5 business days depending on financial institution.

The P & C Committee would like to remind everyone that we do not allow orders to be made on credit at the canteen.

Thank you for your continued support. Wishing our school community a prosperous 2024!

# Tuning in to Kids

## Emotionally Intelligent Parenting

**FREE** six session parenting program for parents of 3 to 10 year olds

Would you like to learn how to:

- be better at talking with your child?
- be better at understanding your child?
- help your child learn to manage their emotions?
- help to prevent behaviour problems in your child?
- teach your child to deal with conflict?

Tuning in to Kids shows you how to help your child develop emotional intelligence.

Children with higher emotional intelligence:

- have greater success with making and keeping friends
- have better concentration at school
- are more able to calm down when upset or angry
- tend to have fewer childhood illnesses

Emotional intelligence may be a better predictor of academic and career success than IQ!
